# Kate's Favourite Testimonial

“

*The London Fuelling Ambition conference was a huge success, with over 400 women entrepreneurs and business leaders brought together to listen to a world class presenter line up from the UK, USA and Australia. We flew Kate over from Australia because we wanted our audience to hear about SMART Time Management from an innovative, dynamic and highly engaging thought leader. Nothing about Kate's approach to Time Investment is vanilla – she compels her audience to think about their time differently and provides the strategies and practical advice to make implementation for quick returns simple. Kate is a storyteller – she told our audience at the start that she wanted to leave them educated, entertained and with a lasting impact on the way they choose to live, work and play, and she delivered. The attendee feedback from the event consistently rated Kate as one of the stand out presenters from the conference.*
